CAPABILITY STATEMENT – GOVERNMENT

Designing environments that transform lives

Dynamix Engineering Ltd. Successfully combines engineering and technology design services with speed-to-market delivery systems (web-based communication tools, formalized quality control/quality assurance processes and value-added best practices) to create healthy indoor environments that exceed our client's expectations. Founded in 1997, we are a full service mechanical, electrical, plumbing, and technology engineering firm specializing in design engineering and systems assessments.
